EDUCATION

B.Tech AI & DS - Sri Eshwar College of Engineering CGPA: 7.51 (Up to IV semester)	2024 - 2028
HSC - Aditya Vidyashram residential school 70.9%	2022 - 2024
SSLC - Mahatma Gandhi international school 70.5%	2021 - 2022

INTERNSHIP EXPERIENCES

Mern Internship - AlgoTutor [\[Certificate\]](#) DEC 2025

Gained hands-on experience in MERN stack development using MongoDB, Express.js, React, and Node.js by building sample web applications and RESTful APIs. Worked on frontend and backend integration, including authentication, database schema design, and CRUD operations, while improving problem-solving, teamwork, and full-stack development skills.

PROJECTS

Parking Space Management System [\[Github\]](#) 2025

Developed a web-based Vehicle Parking Space Booking System that allows users to book and cancel parking slots online. Implemented automatic parking fee calculation based on vehicle type (two-wheeler or four-wheeler) and designed a user-friendly interface for efficient parking management.

Tech Stack – HTML5, CSS3, Python, *MySQL*.

Alumni Network & Career Hub Platform [\[Github\]](#) 2026

Developed a full-stack web application that connects students and alumni for networking, mentorship, and career guidance. Built secure user authentication and RESTful APIs using Node.js and Express.js, integrated Supabase for database management, and designed a responsive user interface for seamless user interaction. Followed the MVC architecture to ensure scalable and maintainable application development.

Tech Stack – React.js, Node.js, Express.js, Supabase, JavaScript, HTML5, CSS3, Tailwind CSS, REST API, MVC Architecture, Git, GitHub

AI based internship recommendation engine 2026

Developed an AI Internship Recommendation System that suggests relevant internship opportunities based on user skills, interests, and profiles. Built responsive dashboards and integrated intelligent recommendation workflows for improved user experience and career guidance.

Tech Stack - React.js, Node.js, Express.js, MongoDB, Python, Tailwind CSS.

ACHIEVEMENTS

Runner-up – Creatathon 2024 (Web Hackathon) Intra-College Hackathon at Sri Eshwar College of Engineering

Third Prize - Mini Project Review, Sri Eshwar College of Engineering

Top 20 Finalist - TechSprint 2025, GDG on Campus CIT

Pre-Finalist - National Level Shine Healthcare Hackathon, Trichy Cohort

Outstanding Performer - Coding Carnival, Sri Eshwar College of engineering

CERTIFICATIONS

GenAI Powered Data Analytics job simulation | [Tata](#) 2025

The complete Java programmer | [Udemy](#) 2025

Building Intelligent AI Agents | [Great Learning](#) 2024

Completed NPTEL Design Thinking course with Elite silver | [NPTEL](#) 2026

CODING PROFILES

LeetCode - Solved 130+ problems | Contests Attended - 2 | Rating - 1477 | Global Rank - 449,386 [\[Profile\]](#)

Skill Rack - Solved 790+ problems 189 bronzes and 4 certifications | Global Rank - 36,040 [\[Profile\]](#)

TECHNICAL SKILLS

Programming Languages - C++ | Python | SQL

Web Technologies - HTML | CSS | JavaScript

Core Frameworks - DSA | OOP | React.js | Express.js | Node.js

Tools - Canva | GitHub | Tableau | Power BI | Vercel | Excel | Jupyter Notebook | Google Colab

Database – MySQL | MongoDB
